AIR PURIFIERS

RETAIL SPACE SOLUTIONS

THE MOST PREPARED SPACES HAVE FELLOWES

Keep your occupants safe and provide peace of mind.

Public and shared spaces can be breeding grounds for air pollutants like viruses, bacteria, dust, allergens, odors, and harsh chemicals. Any of these contaminants could have a negative impact on the health of your facility's clients.

Whether you are welcoming employees or patrons, you can provide maximum protection by making your facility safer and healthier—with AeraMax Pro air purifiers from Fellowes.

Discover clean air solutions at [***fellowes.com/air***](https://www.fellowes.com/air)

REMOVES OVER 99.99% OF COVID-19[†]

In a recent test, Fellowes AeraMax Pro AM3 & AM4 air purifiers demonstrated to eliminate COVID-19[†], using a combination of smart and integrated technologies—only from Fellowes.

“The AeraMax Pro AM3 and 4 air purifiers were evaluated in extreme laboratory operating conditions, certainly much more critical and difficult than the real environmental situation. This situation was purposely designed since it is necessary to test the effectiveness of similar sanitizing devices in critical conditions to guarantee their effective performance. Despite the extreme conditions used, the Fellowes air purification technology was able to neutralize the airborne viral load.

Additionally, SARS-CoV-2 mutations do not affect dynamics of its spreading by aerosol particles. As the particulate would remain the same size **regardless of the variant**, this testing demonstrates AeraMax AM3 & AM4 effectively removes over 99.99% of aerosolized COVID-19 particles.

—Alberto Izzotti, MD, PhD

Full Professor of Hygiene, Preventative Medicine, and Public Health
Department of Experimental Medicine at University of Genoa,
School of Medicine, where the Fellowes test was conducted.

Fellowes continues to illustrate the effectiveness of the AeraMax Pro line of commercial air purifiers by utilizing independent testing and third-party standards to prove our performance. Fellowes is committed to expanded testing with fully accredited and independent labs.

†Fellowes AeraMax Pro AM3 & AM4 air purifiers demonstrated, through independent laboratory testing, to be effective in eliminating aerosolized concentration of SARS-CoV-2 by 99.9999% through a single air pass test of the purifier. In addition, AeraMax Pro air purifiers reached 99.99% airborne reduction of a surrogate Human Coronavirus 229E in a 20m3 test chamber within 1 hour of operation in a separate test.

Why Fellowes Air Purifiers?

It Starts with Great HEPA Filtration

Our AeraMax Pro AM3 and AM4 units with H13 True HEPA filters capture at least 99.95% of particles as small as 0.1 microns, including allergens, such as pollen, dust, pet dander, and smoke.

The four stage filtration process:

1. **Pre-Filter** captures large particles
2. **Active Carbon** filtration adsorbs odors and VOCs from the air
3. **H13 True HEPA filter** captures up to 99.95% of particles as small as 0.1 microns
4. **PlasmaTrue™ Bipolar Ionizer** improves the capture efficiency of the particulate filter

SMALL FORMAT RETAIL STORES AND BOUTIQUES

Clothing and Shoe Stores, Jewelry

The sales floor is important to your brand experience. From dressing rooms to the point of sale, creating a retail setting that is free from odors, protects against virus transmission, and removes unwanted Volatile Organic Compounds (VOCs) is instrumental in building a brand your customers can trust.

CONSULTATIVE AND SERVICE BUSINESSES

Real Estate Offices, Accounting Offices, Auto Repair Waiting Rooms

Conduct consultations with confidence while giving your clients an environment where they can breathe easy. Service businesses often have multiple appointments throughout the day making it a risk for viral and germ transmission. Fellowes air purifiers with PureView™ Technology makes the invisible visible with real-time status updates as the air is cleaned. This not only provides improved brand perception, it gives employees and customers maximum peace of mind that the air they're breathing is clean.

TRANSACTIONAL SERVICE BUSINESSES

Car Rental, Shipping Stores, Cellular Stores

These popular service businesses have repeated foot traffic, which means they can be a breeding ground for bacteria, germs, and odors. Our proprietary and patented EnviroSmart technology enables AeraMax Pro commercial-grade air purifiers to continuously monitor your environment and automatically adjust to clean the air, conserve energy and reduce operating costs..

Seamless Integration

AeraMax Pro was designed to seamlessly integrate into your space, whether on the floor, wall-mounted or recessed into the wall. All models are unobtrusive and aesthetically pleasing, so you can provide worry-free air purification wherever it's needed the most.

Wall Mount
for maximum productivity

Floor Stand
for maximum flexibility

Recessed
for ADA compliance

DRINKING AND EATING ESTABLISHMENTS

Restaurants, Cafes, Sandwich Shops

Create a clean, inviting environment that goes beyond surface cleaning. Customers will appreciate what goes into their meal and what you remove from the air! AeraMax Pro AM3 and AM4 units with H13 True HEPA filters capture at least 99.95% of particles as small as 0.1 microns, to ensure the health and safety of your employees and everyone that walks into your doors.

Fellowes Air Purifiers Are Smart

For over a decade Fellowes AeraMax Pro air purifiers have been a leading choice for localized air purification. Fellowes is the only solution that combines H13 True HEPA filtration (AM3 and AM4) with EnviroSmart and PureView Technologies.

Our proprietary and patented EnviroSmart technology enables AeraMax Pro commercial-grade air purifiers to continuously monitor your environment and automatically adjust to clean the air, conserve energy and reduce operating costs.

PureView's patented sensor technology and display makes the invisible visible with real time status updates as the air is cleaned. It provides maximum peace of mind that the air you and others breathe is clean.

Integrated

A Seamless Addition

AeraMax Pro was designed to seamlessly integrate into your space, whether on the floor, wall-mounted or recessed into the wall. All models are unobtrusive and aesthetically pleasing, so you can provide worry-free air purification wherever it's needed most.

Reliable

Commercial Grade Durability

AeraMax Pro commercial-grade air purifiers are built to last, with high-quality components ensuring your unit is reliable, durable, and tamper-proof.

THE AERAMAX PRO LINE UP

AeraMax Pro room size recommendations are based on delivering the recommended 3-5 Air Changes per Hour (ACH).
