AIR PURIFIERS

Quality Care Should Include Safe Air

For residents and patients in assisted living facilities, even minor lapses in air quality can be extremely dangerous. Shared spaces in these facilities can protect against respiratory complications by removing particles from the air such as smoke, pollen, pet dander, dust, and dangerous bacteria. All of these small particles can add up to larger health problems and lead to medical complications that threaten health. Build lasting trust, protect your most vulnerable guests, and improve your occupancy rate with powerful air purification from Fellowes® AeraMax® Pro.

Designed to provide peace of mind with intuitive smart technologies, AeraMax Pro keeps even the most popular areas clean and safe, including:

- Dining Rooms
- Living Rooms
- Rec Rooms
- Staff Spaces
- Restrooms
- Activity Rooms

Only Fellowes Air Purifiers sense & react to changes in air quality and occupancy while showing you the air is clean.

Our AeraMax Pro AM3 and AM4 units with H13 filters capture at least 99.95% of particles as small as 0.1 microns, including allergens, such as pollen, dust, pet dander, and smoke.

- 1 Pre-Filter**
Captures large particles
- 2 Active Carbon Filter**
Absorbs odors and Volatile Organic Compounds (VOCs)
- 3 H13 True HEPA Filter**
Captures up to 99.95% of particles as small as 0.1 microns
- 4 PlasmaTrue™ Bipolar Ionizer**
Improves capture efficiency

Our proprietary and patented EnviroSmart Technology enables AeraMax Pro commercial-grade air purifiers to continuously monitor your environment and automatically adjust to clean the air, conserve energy and reduce operating costs.

PureView's patented sensor technology and display makes the invisible visible with real time status updates as the air is cleaned. It provides maximum peace of mind that the air you and others breathe is clean.

THE AERAMAX PRO LINE UP

AeraMax Pro room size recommendations are based on delivering the recommended 3-5 Air Changes per Hour (ACH).
