PROTECT

CREATE

ORGANIZE

Whether protecting against identity theft in college or creating lasting teaching tools, the most reliable business machines are essential for every school.

Incorporating the best in paper shredders, laminators and binding technology into your administrative offices and classrooms ensures peace of mind and enhances productivity for faculty and students.

Shredders protect confidential student information in school administrative offices including college-age students, which make up 20% of identity theft victims

Laminators create lasting, reusable teaching tools including flash cards, worksheets, inspiring signs and decorations for every classroom

Binding machines become a powerful classroom tool for enhancing student presentations and providing easy and efficient organization for every curriculum
