

THE WORTH OF WELLNESS TO EMPLOYEE RETENTION AND PRODUCTIVITY

Whether the goals are improved productivity, worker retention or the company bottom line, a workplace that promotes wellness matters most. Incorporating ergonomics and physical activity into any office creates a more productive environment that keeps employees positive and reduces healthcare costs.

Companies that have exemplary safety, health and environmental programs **outperformed** The S&P 500 by between 3 and 5 percent¹

54% of Americans experience low back pain spend the majority of their workday sitting²

Work related

Musculoskeletal disorders are among the most frequently reported causes of lost or restricted work time³
