

Create a Healthy, Productive Home Office

A personal workspace with all the perks

Remote work is quickly becoming the new norm. That means your home office needs to be just as productive as the corporate office. With the right tools, you can create a comfortable, healthy and productive workspace... with a shorter commute.

Configure for Comfort

Your monitor position matters. Help prevent neck and eye strain by customizing your monitor height and placement on your desk.

**I-SPIRE SERIES™
Laptop Lift**

**I-SPIRE SERIES™

Hands-On Productivity

When you're more comfortable, you're more productive, especially when it comes typing and mousing. Select an adjustable keyboard tray that accurately positions your keyboard and choose a wrist support to help prevent wrist strain.

DESIGNER SUITES™ DeskReady™ Keyboard Drawer

1671142	FEL-9473001	Black Keyboard Wrist Rocker™
213662	FEL-9314601	Gray Keyboard Wrist Rocker™

The Active Home Office

Sitting for hours may feel productive but limited physical activity during the workday can drain your energy, morale and your performance. Go for a short walk or stretch. You can also use a standing desk in your home office to keep you moving.

LOTUS™ DX Sit-Stand Workstation

Remote Work with Sensitive Documents

The risks of identity theft remain even when you work remotely. If you're managing confidential documents from your home office, be sure to follow your company's document destruction policy. Cross cut and micro cut paper shredders provide the highest levels of security. Find one that fits your home office.
