Protect What Matters Most Your Patients and Employees

**For complete virus protection*, add air purification to
hand and surface hygiene practices**

The rapid spread of COVID-19 forces us to reimagine the meaning of a safe facility. A complete hygiene solution should combine air, surface and hand cleaning to fully protect against person-to-person virus transmission. AeraMax Professional commercial grade air purifiers provide maximum protection and ultimate peace of mind with True HEPA filters that can capture 99.97% of all airborne contaminants, including airborne viruses*. Clean the air you share with AeraMax Professional from Fellowes Brands.
