

Great Home Activities for the Kids

Play and Learning Ideas and Product Solutions

Work Better, Feel Better™

Creative ideas, fun projects and teaching moments are all possible when you're home with kids. No reason to go stir crazy with these fun tips.

Creative Fun With A Home Laminator

A laminator at home is perfect for creative projects with the kids. Laminate favourite photos or kids' artwork. The best laminating machines are compact, portable and easy to use.

- Look for laminators with rapid warm up
- A versatile laminator should work with 3 mil and 5 mil pouches
- Choose a laminator that comes with a starter kit that has laminating pouches included

Check out all the free DIY laminating projects at the Fellowes Idea Center, www.fellowes.com/IdeaCenter.

The Playhouse With Creativity... Just Add Colour!

Keep the kids occupied while at home with an interactive playhouse that they colour themselves. It's the perfect creative-play project that engages for hours.

- Easy 2-piece assembly
- Operable windows and doors
- Kid-friendly construction with rounded edges for added safety

Binding Together

Stay at home time with the kids is the perfect opportunity for creative projects with a binding machine. Comb binding is easy and fun. Create customized calendars, scrapbooks and themed photo albums.

- Binding machines are safe for kids to use with adult supervision
- Kids can create their own bound storybooks
- Use your time to organize and bind family recipes into a customized cookbook

Homework Central

Create a homework station to keep the kids on track with all their assignments and projects. An organized workspace helps maintain focus and concentration so homework gets done on time.

- Use magazine sorters to organize textbooks so they are desktop accessible
- Literature sorters keep written assignments organized and orderly
- Rolled edges and premium multi-layer construction to handle daily use

Free Time to Organize

At home time is the best time to rally the family for organizing projects. Kids can sort through toys and books. Go through garage and basement storage to see what can be tossed and what can be repacked with a better storage box.

- Use storage boxes with handles for easy lifting
- Lift-off lids let you easily access box contents
- Look for boxes with labeling areas so you can see contents at a glance
