

Great Home Activities for the Kids

Play and Learning Ideas and Product Solutions

Creative ideas, fun projects and teaching moments are all possible when you're home with kids. No reason to go stir crazy with these fun tips.

Creative Fun with A Home Laminator

A laminator at home is perfect for creative projects with the kids. Laminate favourite photos or kids' artwork. The best laminating machines are compact, portable and easy to use

Homework Central

Use organizers to create a homework station to keep the kids on track with all their assignments and projects. An organized workspace helps maintain focus and concentration, so homework gets done on time.

Free Time to Organize

At home time is the best time to rally the family for organizing projects. Kids can sort through toys and books. Go through garage and basement storage to see what can be tossed and what can be repacked with a better storage box.
