Fellowes® products contain Microban® antimicrobial technology for powerful, continuous product protection against bacteria.
All Professional Series Keyboard Trays feature the following:

- Lift and lock feature lets you adjust height with one hand
- Health-V™ memory foam wrist supports with Microban® antimicrobial protection stay cleaner and relieve wrist pressure to help prevent carpal tunnel syndrome
- Meets ANSI/BIFMA standards

Professional Series Sit/Stand Keyboard Tray
- Work in either a “sitting” or “standing” position
- Increased height adjustment range for taller users (up to 6-1/4" above desktop)
- Range of motion below desk is 5" for custom knee clearance
- 10" round mousing platform mounts over keypad or flush with keyboard for easier mousing

Professional Series Executive Keyboard Trays
- Height and tilt indicators let you customize keyboard tray settings
- Single-touch lever slides from left to right to adjust tray tilt
- Comfort-Lift™ system lets you slide mouse platform left or right over keyboard numeric pad and offers 2 custom height positions
- Mouse platform tilts forward or backward, adjusts up or down to height of keyboard and mounts on left or right side of keyboard
- Warning Trak™ helps prevent mouse from sliding off mousing platform

Professional Series Premier Keyboard Tray
- Comfort-Lift™ system lets you slide mouse platform left or right over keyboard numeric pad and offers 2 custom height positions
- Mouse platform tilts forward or backward, adjusts up or down to height of keyboard and mounts on left or right side of keyboard
- Warning Trak™ helps prevent mouse from sliding off mousing platform

Professional Series Compact Keyboard Tray
- Features compact 17-3/4" glide track to provide comfort and maneuverability for smaller workspaces
- Standard platform accommodates both right and left-handed mousing
- Warning Trak™ helps prevent mouse from sliding off mousing platform
Stop Microbes in Their Tracks With Fellowes® products featuring Microban® antimicrobial protection.

When microbes come in contact with the product surface, Microban® protection penetrates the cell wall of the microbe and disrupts key cell functions so that the microbe cannot function, grow or reproduce.

All products engineered with Microban® undergo extensive testing in our microbiology and chemical analysis labs. In addition, Microban® technology has been proven effective in over 20,000 tests at over 27 independent laboratories.

Designer Suites™ Keyboard Trays

Designer Suites™ Premium Keyboard Tray
- Comfort-Lift™ system lets you slide mouse platform left or right over keyboard numeric pad and offers 2 custom height positions
- Mouse platform tilts forward or backward, adjusts up or down to height of keyboard and mounts on left or right side of keyboard

Designer Suites™ Compact Keyboard Tray
- Features compact 17-5/16” glide track to fit restricted workspaces
- Standard platform accommodates both right and left-handed mousing
- Single knob adjusts tray height and tilt
- Soothing memory foam wrist supports with Microban® antimicrobial protection keep product cleaner

Keyboard Drawers

Designer Suites™ DeskReady™ Keyboard Drawer
- Easily attaches to most workstations without tools or complex instructions
- Patented clamp attaches unit to desktop (5/8” - 1-1/2” W) without surface damage
- Offers 3 height positions below desktop to ensure personal comfort
- Tray tilts at -3, -6, and -9 degrees to suit personal preference
- Soothing memory foam wrist supports with Microban® antimicrobial protection keep product cleaner

Office Suites™ Deluxe Keyboard Drawer
- Features 3 height adjustments to suit preferred work position
- Mouse tray mounts to right or left side of keyboard tray or stows underneath when not in use
- Soothing memory foam wrist supports with Microban® antimicrobial protection keep product cleaner
- Contains 100% recycled materials
Follow the Fellowes® 4 Zone Ergonomic Approach:

Adjustable Keyboard Trays are one of the most important ergonomic tools for relieving tension in the neck, shoulders and arms. That is why we designed our Professional Series line to provide comfort and support in fully adjustable designs that make your workspace work for you. For additional information visit www.ergo.fellowes.com/ca

Tilt ‘n Slide™ Keyboard Managers
Upgrade to First Class Comfort with More Leg Room, Plush Wrist Supports and a Reclined Seating Position.

- Attaches to desktop edge without tools, which allows platform to tilt or slide with ease
- Extended knee clearance keeps you comfortable while typing and mousing
- Single lever easily adjusts tilt (flat to 30°) and slide (4-5/8" travel distance)
- Attaches to desktops up to 1-3/4" thick without surface damage

Tilt ‘n Slide™ Keyboard Manager
- Large platform holds both keyboard and mouse
- Ultra soft memory foam wrist support with Microban® antimicrobial protection keeps product cleaner
- Unique textured surface keeps mouse from sliding off mousing platform (IP pending)

Tilt ‘n Slide™ Keyboard Manager 8060101

Microban® Split Design Keyboard
- Conforms to natural arm and hand positions for added comfort
- 16-character buffer for fast typists
- 7 additional hot keys for multimedia control and one touch Internet access

Microban® Split Design Keyboard 98915

Office Suites™ Adjustable Footrest with Microban® Protection
- Adjustable footrest tilts 30° forward or back
- Locks in place or tilts freely for improved circulation
- Height adjusts to 4 1/8", 4 7/8" or 5 5/8"

Office Suites™ Adjustable Footrest with Microban® Protection 8035001

Professional Series Back Support with Microban® Protection
- Mid spinal support with memory foam promotes neutral posture
- Lower lumbar support with three memory foam sections
- Tri-Tachment™ system eliminates the need for readjustment

Professional Series Back Support with Microban® Protection 8037601
PlushTouch™ Wrist Rest with Microban® Protection
- FoamFusion™ Technology provides superior comfort and softness to help relieve wrist pressure
- Soft breathable material withstands daily wear and tear

Provide extra support to relieve wrist pressure to prevent discomfort and injuries. For additional information visit www.ergo.fellowes.com/ca

AVOID WRIST PRESSURE
AeraMax® Air Purifiers are certified by the Asthma and Allergy Foundation of America (AAFA). This certification is only awarded to air cleaning products that have scientifically demonstrated their contribution to the goals of allergy reduction. AAFA and Allergy Standard Limited (ASL) utilize stringent standards to identify only best-in-class products that are more suitable for those with asthma and allergies.

AeraMax® Air Purifiers have been certified by the Association of Home Appliance Manufacturers (AHAM) with three Clean Air Delivery Rate (CADR) numbers which indicate the volume of filtered air delivered by the air purifiers (measured in ft³/min). There are three CADR ratings: one for smoke, one for pollen and one for dust. The higher the number, the faster the air purifier filters the air.

The AeraSmart™ Sensor monitors the air quality and automatically adjusts the fan speed to keep your air purified. Blue, red and amber lights on the machine’s display panel indicate the purity of your air.

Four-Stage Filtration includes a Carbon filter, True HEPA filter, antimicrobial treatment, and PlasmaTRUE technology removes 99.97% of airborne particles as small as 0.3 microns.
