AutoMax™ AUTO FEED SHREDDERS

The Fellowes AutoMax™ Difference

AutoMax™ shredders offer a truly walk away shredding experience, automatically shredding stacks of paper at the push of a button. We've eliminated the limitations that were once tolerated with other auto feed shredders in the market by using our patented AccuFeed System™. Now you can shred common stacks of paper as they are —no pulling out staples, paper clips, or even smoothing wrinkled papers. Simply load the tray, press play and walk away with confidence. While AutoMax shreds, you get back to business.
