

Workspace Wellness

We care deeply
about helping you
be at your best.

We want people to be the best they can be. More productive. More efficient. Happier. Healthier. That's why we make workplace solutions like business machines, storage products, workspace wellness solutions, and air purifiers. They're designed to meet—and exceed—the needs of an ever-changing world. Whether people are in a huge corporate center or a cozy home office, we'll make them more productive and help them dominate their day. Because, to be at your very best, you need someone in your corner. Fellowes Brands.

Workspace Wellness

Work Better. Feel Better.

Workspace and wellness, connected. Fellowes Workspace Wellness products operate on a simple but powerful notion: We believe office equipment should do more than improve your performance. It should also improve your health. Our products feature advanced ergonomics to mitigate the negative effects of everyday tasks along with groundbreaking solutions to promote the positive effects of body movement. It's innovation with a new goal: enhance health; go beyond just working better – feel better.

Empowerment. Control.
Confidence in a deeper clean.

Fellowes® has teamed up with Microban to include specially formulated antimicrobial protection in select products. This added layer of protection is integrated into Fellowes products at the point of manufacture to help prevent the growth of bacteria, keeping the products cleaner for longer. The technology remains active 24/7 for the life of the products, so users can worry less and focus on the job at hand.

A man with dark hair, wearing a grey button-down shirt and dark trousers, stands at a white sit-stand workstation. He is smiling and looking at a smartphone in his left hand, while his right hand rests on a keyboard. The workstation has a large monitor displaying a colorful dashboard with charts and graphs. On the desk, there is a pair of headphones and a pen holder. The background features a brick wall and a bulletin board with various papers and photos. The floor is made of light-colored wood.

Take a Stand Against Sitting

Over the past 10 years study after study has confirmed sitting for prolonged periods of time is harmful to your health. As a leader in workspace management solutions, we knew we wanted to create a solution for this problem. Our complete range of sit-stand products combines a wealth of research and product development with our deep understanding of the office workspace. They're designed to be easy to use, adjustable, and worry-free. Plus, they're engineered with the durability to transition from sitting to standing multiple times a day. All this adds up to a better sit-stand experience and a healthier lifestyle every day. Go ahead, take your stand today.

Monitor Arms

Fellowes® monitor arms position your display at a comfortable viewing angle in order to minimize shoulder, neck, and eye strain and make collaboration easy. Designed with customization in mind, we offer a wide variety of height, depth, and swivel adjustments.

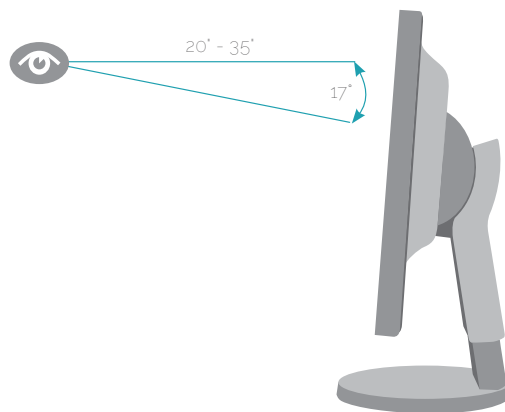

Choosing the Right Monitor Arm

Finding the optimal position for your monitor helps to reduce eye and shoulder strain. Choose a solution that positions the monitor at about an arm's length away (20" - 35") and keeps the screen at eyebrow level.

Monitor Rotation

Consider a monitor support that rotates a full 360° for maximum ease of use and overall usability

Keyboard Trays and Drawers

Fellowes® Keyboard Trays and Drawers help you maintain proper posture to avoid muscle strains and discomfort. Adjustable keyboard trays and chairs allow ample clearance between thighs and keyboard tray, and help keep head, neck and shoulders positioned forward and upright. Keyboard trays keep shoulders and arms perpendicular to the floor, elbows held close to the sides, and hands and wrist in straight alignment with forearms.
