WORK BETTER™

WHAT IS YOUR SHREDDING PERSONALITY?

Selecting the right kind of shredder has a lot to do with your work style.

HANDS-ON TYPE

VS

HANDS-OFF TYPE

PREFERS THE "SHRED IT SO YOU DON'T FORGET IT" APPROACH OF A TRADITIONAL SHREDDER

"Shred as you go".
You do not let things pile up.

You need peace of mind - NOW! You don't like to leave confidential documents lying around and want to control exactly when each is destroyed.

PREFERS THE "LOAD IT AND LEAVE IT" APPROACH OF AN AUTOMATIC SHREDDER

Productivity is a priority. You need to get things done while you are shredding.

You prefer to get all your shredding done at once rather than throughout the day. You need the convenience of dropping your documents off and walking away.

RECOMMENDATIONS
